

Information:

A couple wishing to marry by choosing a civil or a religious ceremony must request to issue the marriage banns so as to communicate to anyone their intentions to get married. Both bride and groom (even just one of them) can ask for the publication on the municipal notice board by going to the demographic services office personally during the opening hours.

(Monday/ Wednesday/ Friday from 9.00 to 12.30 a.m. and Tuesday/ Thursday from 3.00. to 5.00 p.m.)

If future spouses :

- are both residents of La Loggia, Italian citizens or not, marriage publications must be made only in this municipality;
- are residents in two different cities publications must be made in one of the two municipalities (which is usually the one where the celebration will take place) but also published in the municipal notice board of the other city.

Duration of publications :

Publications remain exhibited in the municipalities for at least 8 consecutive days. The wedding ceremony cannot be celebrated until four days have passed since the end of the publication. The wedding must be celebrated within 180 days from the date of publication. At the end of that period, the office will issue a licence which must be handed over to the persons concerned. Marriage can take place in a municipality other than the one where the publications were made. The registrar must be informed of the location of the ceremony at the time of the application for publication in order to prepare the necessary authorization to be sent to the chosen municipality. It is then up to the future spouses to contact this municipality to agree on the date of the wedding.
